

## **Quail Creek Ladies 9**

### **Rule Reminder**

**Our local rules define river rock areas as a Hazard. (Such as the large rocky area on the right of the cart path on Quail #5).  
In other words, you have the same options as if the ball went in the water.**

**Another local rule lets you remove rocks from a sand trap because it could be dangerous to hit them.**

**Jackie Hallett  
Rules Chair**
